WORK EXPERIENCE

Pythys   Feb. 2021 – Present
Software Developer   *Kuwait, Remote*
- Project manager to two projects. Working in an agile environment, creating sprints, meeting with the client and dividing the work among my team and offering them help on a regular basis.
- Using different technologies on the client-side including HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Vue.js and Redux to build fully responsive websites.
- Writing server-side logic using Java and Groovy. Creating SQL entities and making REST APIs to link the Back-End with the Front-End.
- Designing mobile applications using React Native and handling state management with Redux.
- Styling websites to match UX designs using CSS, Sass, Tailwind and Bootstrap.
- Using Git in a team environment to coordinate the work among my team and to keep track of changes.

Appen   Dec. 2019 – Present
Translator/Transcriber (part-time)   *Remote*
- Translating and transcribing linguistic material in Arabic and English.
- Was one of the top performers in multiple projects that I've been a part of.

Extensya   Apr. 2019 – Jul. 2019
Customer Care Representative   *Amman, Jordan*
- Dealt with customers and solved all their issues in a timely manner.
- Received an award for being a part of the best team during my training.

EDUCATION

Al- Balqa' Applied University   Jan, 2019
BS Degree in Mechatronics Engineering   *Amman, Jordan*
- Graduated with a very good GPA (3.22)
- Studied different topics like C++, Microcontrollers, Arduino, Encryption/Decryption and Logic gates.
